Hi everyone,

On behalf of The Mission Continues, I would like to extend a huge THANK YOU to everyone at the City of Los Angeles who went out of their way to help make yesterday's MLK Day project at Las Palmas Senior Center a huge success!

Over 100 volunteers turned out from our Los Angeles 1st Platoon, YPI, Wounded Warrior Project, and the community to serve at the center. Our volunteers transformed the backyard into an area with gardens and benches that the residents can use to plant flowers & vegetables, repaired the shade structure in the courtyard, and removed hundreds of pounds of rotted wood in the process.

Pat & Ed, the City employees who served with us all day, were a true pleasure to work with, and tremendously helped our efforts. I've attached several photos from the day just to give you a sense of what we accomplished.

We look forward to many future projects in the LA Promise Zone and to working with you to make the community a better place for the citizens of Los Angeles.

Thanks again, and have a wonderful week!

Best,
Regan
